STEEL WORKERS KILLED IN STRIKE RIOT

LABOR SECTION OF PEACE TREATY WILL SOLVE LABOR'S PROBLEM WILSON SAYS

TELLS ST. PAUL AUDIENCE SPEEDY RATIFICATION WILL LOWER LIVING COST BY SPEEDING PRODUCTION

MINNESOTA FARMERS INTERESTED

ST. PAUL, Sept. 9.—President Wilson and party arrived here from Sioux Falls at 9 a. m. today and was greeted by an immense crowd of people. He will devote the day to informing the people of the "Twin Cities" of the facts surrounding the making of the peace treaty and League of Nations covenant and the necessity for their prompt ratification.

By HUGH BAILLEE

United Press Staff Correspondent

ABOARD PRESIDENT'S SPECIAL—The high cost of living will be discussed today in the Presidents talk urging ratification of the peace treaty. Thus far Mr. Wilson has not urged that the treaty be speedily ratified in order that business conditions be restored to normal with consequent adjustment and lowering of living costs, but that phase of the proposition will be dwelt upon at this time.

In traveling through Minnesota the President finds the farmers very much interested in the peace treaty crusade. He expressed his pleasure at this and takes especial delight in meeting and greeting the farmers who hurried from their harvest fields to talk and shake hands with him.

Wilson is hammering into the people the necessity of ratification from a purely American standpoint as he says failure to secure the blessings of the covenant will mean military autocracy throughout the world.

The President is standing the grueling trip exceptionally well and Dr. Grayson reported him in the very finest shape after concluding his speech at Sioux Falls last night.

ST. PAUL, Sept. 9.—Ratification of the peace treaty is necessary to cut down the cost of living, said the President here today, in his first address in this city. Labor is impatient and not satisfied with its employers and the labor section of the covenant provides the means of ending this dissatisfaction. When labor's problem is solved production will go forward and increased production means lowering of prices.

By FRED S. FERGUSON

United Press Staff Correspondent

WASHINGTON, Sept. 9—If President Wilson and his supporters were counting upon a flood of telegrams and letters to Senators urging ratification of the peace treaty from the territory traversed by the President in his "swing around the circle" the tour so far has not been a success, according to friends of the administration today. Very little word from the firing line has crept through to date.

Senator McCormick will follow the President on his long-distance debate with the President regarding the advantages and disadvantages of the League, while Senator Borah will start out on a different route.

WASHINGTON, Sept. 9—"Democratic Senators will accept reservations only as a last resort," said Senator Hitchcock, administration leader, in discussing the peace treaty ratification today. The Senator in speaking of the claims of Lodge and his anti-leaguers, said he supposed they would have to accept mild reservations if there was no other way to secure ratification.

In further discussing alleged Democratic disaffection Senator Hitchcock said "Any reservations as part of the resolution of ratification are not favored by Democratic Senators, regardless of report, and they would be found standing by the President to secure final ratification without resubmission."

WASHINGTON, Sept. 9—When going out for modifications of the reservation and the adoption of a mild-west he will find the Republic major- or tone in the resolution with re- ity in the senate solidly united in fa- spect to affiliation with the League vor of adopting reservations in the for of the League of Nations, will join with the ma- resolution for the ratification of the jority. He believes that even Senator peace treaty.

There will be enough more votes on the Democratic side to insure adoption of the reservation if any of the 49 Republicans should fall down at the last moment.

But Senator Lodge, the Republican leader, announced today that the whole 49, composing the majority, will vote for reservations.

"Whatever vote we get from the Democrats," he added, "will be clear profit."

Senator Lodge is confident that when the senate gets under way the Republicans who have been hold-

HOT BALL GAME THURSDAY NEXT

Boardman and Clearfield signed articles at noon today for a game of baseball, to be played at the Clearfield Driving Park, Thursday afternoon, September 11th, at 3:30 P. M. for a \$400.00 purse. This game grows out of the controversy started by Manager Katzman of the Boardman Athletic Club, last week. When Katzman's offer failed, Manager Brown of the Boardman team, stepped into the breach to uphold the honor of the Knox township metropolis, and the argument was finally completed this morning.

The money was deposited with the Sporting Editor of The Progress. The two teams will be made up from the list of names published in this paper Saturday last.

will contain some very pointed phrases in dealing with the theories of the treaty framers.

Senator Lodge said further that although he could not undertake to regulate the debate on the treaty, he believed it would be possible to bring the question of ratification to a vote within a month. The amendments will be taken up first and after these the form of the ratification resolution will be debated.

The statement of Senator Lodge that the entire Republican membership will be for reservation does not mean that all of the Republicans will vote for the ratification resolution on final roll call. On the contrary there are understood to be no less than 23 senators, most of them Republicans, who will vote against ratification, no matter what reservations may be adopted. This is only five votes less than are needed to kill the treaty.

Senators Borah, Johnson, Knox, Moses, Grandge, Poinexter, Knox, Cormick, Reed and others may cast their votes for reservations, but they will not vote for ratification when that question is decided.

Senator Hitchcock, Democratic leader returned to Washington today from his summer home in Massachusetts. He said he was not at all alarmed by the reports that eight or nine Democrats are preparing to quit the President's side and vote with the Republicans. He believes they will all stick; the senator said he was not annoyed by reports that Senator Simmons, Senator Ashurst among others would not follow the reservation program.

BEECHWOODS MYSTERY UNSOLVED

Some two weeks ago the remains of a horse hitched to a rubber-tired buggy were found tied to a tree in the Beechwoods not far from DuBois. Investigation by Rev. Borland and DuBois boy scouts disclosed that after being tied to the tree the horse had been shot through the head. Since that time no clue has been uncovered that would give any light on the strange find.

A reader of the Courier, living in Youngstown, O., in reading on August 29 of finding of the mysterious outfit by Mr. Calhoun of the Beechwoods, recalled having seen in the Courier on the date of July 21, an article at that time clipped from the Clearfield Progress, which may offer the proper solution, if traced down by the authorities.

The clipping reads as follows:

Foster Heller and his seven-year-old daughter passed through Clearfield yesterday evening on the last lap of the fourth day of a journey which they expect will take them ten weeks to complete and which will carry them almost across the continent.

Heller formerly lived at Powers Lake, North Dakota, but about two years ago moved back east and settled at Danville, Pa. Last winter his wife died during the influenza epidemic and tiring of the east Heller decided to again take up his residence in North Dakota, where he owns a valuable farm.

He decided to make the trip overland, accompanied by the little girl. They are traveling in an open rubber-tired buggy drawn by a magnificent horse. They started from Danville on Tuesday last and hope to reach Powers Lake by October 15th.

Their route took them to Curwensville where they spent the night and continued their journey to DuBois this morning and will go from there to Brookville and on north to Erie.

Heller had been making about 50 miles per day thus far and they appeared to be enjoying the trip. They carry no camping outfit but expect to put up at farm houses along the way. —Clearfield Progress.

The condition of the remains of the horse would indicate that it had been in the woods at the place found for at least a month. The description of the buggy, so far as it goes, owned by the Heller's tallies with that of the buggy found. The route taken from DuBois, on their way to Erie would have taken them through the section of the country in which the horse and buggy were found.

So far as can be learned, no word has been received from Mr. Heller and his daughter since they passed through DuBois about the 22d of July and headed northward.

BOROUGH DADS IN BRIEF SESSION

President Pletcher presided over the adjourned regular meeting held in the council chamber last evening and participated in by nine of the twelve members of council.

Burgess Chase reported a total of \$215 in fines and \$10 in licenses for August.

Treasurer Hiteman reported a balance of \$33,293.76 in the treasury. Solicitor Uery reported collections of \$40.08 and presented check for same.

D. B. McCarty was present regarding fining of auto drivers and asked to have his fine returned if all were not made to pay. Council decided they had no jurisdiction in the matter.

M. L. McQuown, county Health officer was present and complained regarding condition of Borough dump along creek. At his suggestion the street commissioner was directed to detail two men to clean up same.

J. R. Wilson and O. L. Norris were present and asked for curb grade in front of their properties on Merrill street. Engineer was directed to give required grades.

The Solicitor was directed to prepare an ordinance for a sanitary sewer extending along borough line from West Fourth to West Fifth avenue.

The Engineer was directed to prepare estimate for storm water sewer on Leavy avenue extending from the east side of Third street to connect with the Walnut street sewer at Second street.

Special report of Engineer regarding relief of storm water conditions on lower Fourth street was read to council. It calls for a 24 or 30 in. sewer from Pine street through to the river at a cost of approximately \$3000. No action was taken on same.

ANOTHER WRESTLER AFTER ROBERTS

Charles Plattos, of Bath, New York, arrived in Clearfield, hot on the trail of Leslie Roberts, the Boardman Athletic club's star mat man. Plattos is the man Mort Henderson named in his challenge to Roberts at the park on Labor Day.

Plattos, who has some reputation as a wrestler, in his home state, would like to arrange a match with Roberts and authorizes The Progress to make that statement to Roberts and Manager Katzman.

WALTER CLARK'S FUNERAL

The funeral of the late Walter Clark will be held at his home on Clark street tomorrow afternoon at 2 o'clock. Rev. W. W. Hartman, of Trinity Methodist church will officiate. Interment in Hillcrest cemetery.

TWO MEN DEAD, TWO FATALLY HURT AND TWENTY-FIVE SERIOUSLY INJURED IN STANDARD STEEL WORKS CLASH

HAMMOND, IND., SCENE OF BATTLE

HAMMOND, INDIANA, Sept. 9.—Two foreigners are dead, two dying while twenty-five are lying seriously injured following a clash here today at the plant of the Standard Steel works when a strike has been underway for the past six weeks.

The outbreak occurred when five hundred foreign strikers marched to the plant with flags flying.

NATIONALIZATION OF MINING INDUSTRY TO BE URGED BY MINER'S CONVENTION

CEVELAND, OHIO, Sept. 9.—Representing approximately half a million coal miners, two thousand delegates of the United Mine Workers of America came to Cleveland today to formulate a wage scale to be presented to mine operators.

It was expected that they would adopt the report of the policy committee which met at Indianapolis several months ago and decided to ask for:

A six hour day.
A five hour week.
A substantial increase in wages.

Nationalization of the mining industry will be advocated in a resolution prepared for submission to the convention. This action was urged as much as it was adopted or rejected by the policy committee and it was considered likely a copy of the resolution will be forwarded to congress.

Numerous other resolutions, prepared weeks before the convention weeks or more, with the report to come to order, were to be presented, submitted and receive action of the convention upon its completion.

Committees were to be appointed today by Lewis and resolutions on other matters were to be referred to them. The scale committee's action on the side of the most important convention. This action was urged as much as it was adopted or rejected by the policy committee and it was considered likely a copy of the resolution will be forwarded to congress.

Numerous other resolutions, prepared weeks before the convention weeks or more, with the report to come to order, were to be presented, submitted and receive action of the convention upon its completion.

The nature of these will not be disclosed until they will be referred to the committees.

John L. Lewis, acting president of the Mine Workers, was to pick up the gravel in Gray's armory here at 10 a. m. today and preside over the twenty-seventh constitutional and fourth annual convention of the organization.

Lewis is acting during the absence of Frank J. Hayes, who is on a special months leave from the president's chair recovering from a nervous breakdown.

Deliberations of the scale committee likely will continue for several weeks or more, with the report to come to order, were to be presented, submitted and receive action of the convention upon its completion.

ENTHUSIASTIC RECEPTION OF THE PRESIDENT AT COLUMBUS, O.—Scenes attending the President's first speech in behalf of the League of Nations at Columbus.

EDITOR WILL ADDRESS CIRCULATION MEN

G. A. Stewart, managing editor of The Progress, left this morning for Scranton to attend the two-day convention of the Inter-State Circulation Managers Association which organization is made up of the circulation managers of the larger newspapers in the state of Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia.

The growth of The Progress without the aid of premiums or return privileges since the present management took hold has commanded the attention of the newspaper fraternity and Editor Stewart has been requested to address the convention on the subject, "Should the Smaller Dailies Use Premiums or Allow Returns to Increase Circulation."

WALIZER-BULLA

Married at the Eleventh Street Methodist church parsonage Monday morning at 11 o'clock, by Rev. John C. Collins, Eugene Walizer of Lock Haven and Miss Marie Bulla, of Liberty, N. Y. After a honeymoon spent in touring Eastern Cities they

will reside at Lock Haven. Mr. Walizer is a brother of Mrs. George Jacobs of Ninth street.

UNEXPECTED AERIAL VISITOR

Aviator J. F. White and one of the big government mail planes, just Clearfield an unexpected call last evening about 8 o'clock and attracted a large crowd of interested sightseers to the field below Patterson's barn works just outside the town limits.

Pilot White was making his maiden trip from Pittsburgh to Bellefonte when forced to descend here. He has journeyed from Bellefonte to Pittsburgh earlier in the day and was on his return journey. Getting slightly off his course he circled over the mountains north of town and picking up the Guinea Hill road in the gathering gloom he followed that into town and stopped in the Joseph Shaw farm below the Steel saw mill.

Mr. White had his machine in perfect control and good shape, at times and settled gently to land without mishap of any kind.

He got away for Bellefonte at 10 today.

Six Months \$2.00 One Month40
All subscriptions not paid in advance are charged at forty cents a month.

Entered at Post Office at Clearfield, Pa., as second class matter.

Borough Engineer Hess' report on the matter of relief from storm water conditions on Fourth street should have the immediate attention of council. Residents along Fourth street from Cherry down to Reed have suffered damage, dirt and inconvenience uncomplainingly so long that forbearance has certainly long ceased to be a virtue and they are entitled to relief before another spring flood season rolls around, if such thing be possible at all. Why delay this long needed improvement.

The wide awake progressive citizens of the City of DuBois are to be congratulated upon their paving program for this year now nearing completion. Thirty-two city blocks were paved at a total cost of \$200,000. Of this paving or repaving over 14,000 square yards of asphalt were put down over old brick paving at a cost to the city of \$24,000. The property owners are required to pay two-thirds of the cost of street paving at DuBois.

It might be a good scheme for Clearfield's Town Council to get into touch with the city fathers at DuBois and get a line on asphalt paving. We have a considerable stretch of dilapidated brick paving which could be covered with asphalt at little cost and thereby make an excellent paved street.

It is more than probable that now peace has been declared, the submarine, that American invention that was prostituted to such foul use by the Hun, will be rescued from its ignominious use and made to serve humanity instead of outraging civilization. We are going to be able to descend to the bottom of the sea, hundreds of feet below its surface, and before many years, submarine expeditions will be far more popular than polar expeditions ever were. Many of the mysteries of the sea will be given up to these explorers.

A recent report shows that the United States has achieved independence of Germany in the chemical industry. This is one of the tragic results which are developing for Germany from her mad attempt to dominate the trade of the world. Like the dog in the fable, in trying to grab the bones from the mouths of other dogs, she has not only failed in that, but has also lost her own.

Mr. Hoover has been named by the Belgian government "Friend of the Belgian Nation." A title like that is prouder than any which the ex-kaiser, ex-war lord and ex-all highest could boast in the proudest days of his autocratic rule. It is a title which reflects honor on Mr. Hoover's country as well as on himself.

The Germans are denying so much from the guilt of the war to minor details, that it would not be at all surprising were they to charge that the sinking of the Lusitania was really inspired by the Belgians to bring the United States into the war.

More of the mighty have fallen. The sun is no longer even a minor topic of conversation.

Belgium occupies a comparatively small space on the map, but will take a big place in history.

The United States navy emerges from the war just as it went in, with colors flying, only more so.

The big market isn't the only place where the law of supply and demand and the price are strangers.

Today's Political Review

It has been called to our attention that Milford Bratton served two terms as county chairman instead of one as we stated in a recent article.

It has been observed that county chairmen have not, as a rule, been rewarded by offices in Clearfield county. Nevertheless it is the opinion of a great many electors that past county chairmen should be given consideration. It is said that only one man who has served as chairman has not been an office holder either before or after his serving as county chairman. Not only candidates, but aspirants to appointive positions with the state and federal governments have always exercised this claim.

It is quite possible that we have made other omissions and we will appreciate any information which will enable us to carry out the purposes of this column.

When we come to discuss the nine candidates for county commissioner this column is going to look like a "Who's Who" and really we would prefer to put this off until after the nomination and then write the "who's who" and the "who is not" but it must be done before the primary and in time to get in general circulation before the date which is just one week from today.

Our task today however is not so big. There are only two candidates for Register and Recorder, Ed. B. Chase and Tone Evans of DuBois, which perhaps accounts for the fact that this contest is just a little bit warmer than any of the rest of them appear to be. Ed. B. Chase probably needs no introduction to any reader of this political column. He has been identified with county politics for a number of years and made a vigorous campaign four years ago which resulted in his nomination and subsequent election. In that campaign he covered the county so thoroughly that his name became a household word although in the main linked up with that of his opponent who was close on his heels from the start off until the close of the polls. In his first term as Register and Recorder he has not failed to make new friends of everyone who has had dealings with his office. The hour has never been too late for Mr. Chase to go to the court house to accommodate a taxpayer. No mail or

ever carried a request for a prompt return of an important paper which was not attended to although the accommodation meant the sacrifice of pleasure and rest for Chase. Four years ago Mr. Chase made a promise that he would not seek the nomination this year. Ed. admits this to be a fact and in an open letter to be sent to the voters within a day or two will tell them why he changed his mind and decided to heed the encouragement given by his friends. Since Mr. Chase has not yet made public the contents of this letter to the voters we do not feel at liberty to discuss it any further at this time. Aside from this feature of Mr. Chase's claims for a second term it is said that hundreds of people throughout the county are going to support Mr. Chase because of the efficient and accommodating manner in which he has conducted the office. Particularly is this true of business men who have dealings frequently with the Register and Recorder and who appreciate business like administration of their business.

Tone Evans, the other candidate for the office of Register and Recorder hails from DuBois where he is well and favorably known to young and old alike. He is a young man full of vigor of life and is capable of waging a strenuous campaign. Wise to all the wiles of politics and having been interested in some phase of the game from year to year he is in close touch with the inner circles of the pastime and his real strength cannot be determined by outward appearances. It is definitely known that he controls certain districts as he has done so in elections of the recent past. He was a campaign manager in the DuBois region for Congressman Jones and contributed no small bit to the nomination of that gentleman. He conducted a whirlwind campaign four years ago and cites the promise of Mr. Chase to stay out of the fight this year. In addition to a long residence at DuBois he lived for some time in Clearfield and Curwensville and was for some time in West Virginia. He enjoys the distinction among the county candidates of being the only man who is unmarried but as the ladies are not yet voting it remains to be seen whether this is an advantage or a handicap.

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Remover. Simple as A. B. C. Never Fails.

If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using salve that made your toe red and almost raw, or tried to drag your toe out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine

peeling your corn off gloriously, easily and painlessly—just like peeling a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common sense way. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but

COMMUNITY ASSOCIATION MEETING

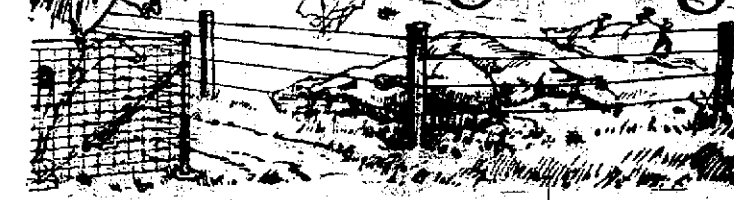

The Fourth Ward Community Association met in the Ward house last evening, and rendered an interesting program. Prof. George Zerfoss made the first address, emphasizing the need of co-operation in community endeavor. County Superintendent of Schools, W. E. Trostle, followed Mr. Zerfoss in an interesting address on important phases of neighborhood needs. The following question put in the "question box" last evening, will indicate the character and scope of subjects that are arousing attention in the community. How may we secure an assembly room in the Fourth Ward School building? What can be done to Americanize the foreign homes? How can we secure a library for our community? Is it the policy of the school authorities to continue the present practice of sending the Seventh Grade pupils out of the ward for instruction? That is to the Junior High School? Why should not the stores in this part of town be compelled to close on Sunday?

Some of these questions were discussed and others held over for the next meeting of the association, which is to be on the fourth Monday evening of this month.

Miss Helen Whiteman spent the week-end with relatives in DuBois.

a trifle at any drug store. Met by E. Lawrence and Co., Chicago, Ill. Sold in Clearfield and recommended as the world's best corn remedy by Stewart Drug Co.

Killed by Lightning

[National Crop Improvement Service.] In the summer time when the thunder caps appear in the sky and the storm sweeps down on the farm, the farmer thinks less of his safety than he does of his live stock.

When the stock is in the field during the storm it may happen that the animals drift against the wire fence, which may be heavily charged with electricity, and are shocked to death.

The ordinary fence built on wooden posts should be grounded every sixth post. To "ground the fence" means

to twist a piece of wire six or eight feet long around all of the line wires of the fence and then dig a hole in the ground near the post and bury the other end of the wire. The hole should be dug deep enough so that the wire comes in contact with moist earth. A fence so grounded offers no danger to live stock during the thunderstorm. The wire fence built on galvanized steel fence posts is already grounded at every post and no thunderstorm with its discharge of lightning can injure the cattle inclosed by such a fence.

Refreshing flavor and fragrance and unusual mellow-mildness make Camel Cigarettes instantly and permanently likable!

CAMELS are a cigarette revelation! They are a smoke delight! They answer the cigarette question as it has never before been answered. Your taste will prove that!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos which you will greatly prefer to either kind of tobacco smoked straight. Your test proves that!

This expert blend brings out Camels' wonderful cigarette qualities. It eliminates any unpleasant cigarette aftertaste or any unpleasant cigarette odor! It also makes possible Camels' enticing mildness while retaining the full "body" of the tobaccos.

No matter how much you like Camels and how liberally you smoke them, they will not tire your taste!

For your own satisfaction compare Camels with any cigarette in the world at any price!

CUT THIS OUT—IT IS WORTH MONEY

DON'T MISS THIS. Cut out this slip, enclose with 5c an mail it to Foley & Co. 2835 Sheffield Ave. Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar compound or coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism backache, kidney and bladder ailments; and Foley Cathartic tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels. Sold everywhere.

I saw it in The Progress.

Corns, Callouses-TORTURE Quickly Relieved By

CORN "FIX"

The wonderful new discovery for corns, callouses and bunions. The pain stops with the very first drop, and in 10 minutes the corn may easily be removed. A chip-putalist uses the same method—many use Corn "Fix."

No ether, colodion, or salicylic acid to cut the flesh, burn and make it sore. No more soaking or "working" the feet, no more extended treatments. In 10 minutes the corn is gone—no pain, no blister, safer and different.

Corn "Fix" is wonderful! Don't suffer another minute. If your dealer cannot supply you send us 25c in stamps and we will mail you a bottle direct.

For itching, burning, tired, swollen, aching or perspiring feet, use Corn "Fix" Four Bath Tablets. 30 tablets for 25c. Your money back if either fails to help you. Corn "Fix" Co., Inc., Newark, N. J.

Sold at Stewart's Drug Store, Woodward & McPherson, and other dealers.

Everybody Knows I Needed 80 Votes To Win

When I ran for the office of County Commissioner four years ago, I came within 80 votes of getting the nomination. This year I am making strenuous efforts to see those eighty fellows who did not cast their vote for me.

My platform is a business administration along business lines. My years of experience in the County Treasurer's office has given me an insight as to how the county's business should be run. The taxpayers' interests will be my interests.

Consistent Republican principles have guided my political life and on this business-like platform I ask you for your vote.

HARRY L. JONES
Candidate for
County Commissioner

Ford

THE UNIVERSAL CAR

The Ford One Ton Truck is one of the sure business utilities, and likewise just as big a necessity on the farm. Farming is surely a business proposition wherein success depends upon economical methods with up-to-date machinery. The Ford Truck will prove a great economy on the farm. The marvel is "how the farmer has got along without it all these years." It is a servant that serves, always ready and always economical. Price \$550, without body, f. o. b. Detroit.

COURT NOTES

Robert Thompson through his attorney, L. D. McCall, filed a petition in the Prothonotary's office this morning in which a divorce is asked from Nora P. Thompson. The complainant recites that he was married Aug. 14, 1919, and was forced by his wife's cruel and barbarous treatment and violent abuse to "fly the coop" on August 23d or after just nine days of wedded bliss or blisters.

Huston township citizens filed a petition with the court today in which they ask for a new road in that township. The petitioners ask for an open public road in Huston township beginning at a point on the public road leading from Penfield to Tyler, at what is known as Horning Run, about one and one-fourth miles from Penfield; thence to extend to the public road at a point called Mt. Pleasant, on a line between the farms of M. T. Smith and W. H. Lee, at about one mile from the Penfield and Tyler road of said township and also to vacate a road in Huston which begins at a point on a road leading from Penfield to Tyler, known as Mill Run road about two miles from Penfield; thence extending to a point on public road leading from Kersey to Penfield at a point of line between lands of M. T. Smith and W. H. Lee, about one mile from the Penfield road in said Huston township.

Judge Bell appointed viewers to examine into the matter and report later.

Lizzie Carbaugh and David Carbaugh, represented by Pentz & Pentz, entered suit this morning in the Clearfield county courts against Ira Kline for the purpose of recovering \$1,000 damages for injuries received by Mrs. Carbaugh when a wagon in which she, her husband and daughter Lottie were riding was struck by an automobile driven by Kline. The accident occurred on Maple avenue, DuBois on August 16th last and the complaint alleges Kline was driving at a very high rate of speed and in a reckless manner. Mrs. Carbaugh Market street. TO THE REPUBLICAN VOTERS OF CLEARFIELD COUNTY

I wish to respectfully appeal to you for your support and influence for me as candidate for the office of Prothonotary. I have made an honorable campaign and endeavored to see as many of the voters as possible, but this is a large county and I have not been able to see all. I feel that I am well qualified to fill the office if nominated and elected, having taken a study course in law, and having had considerable clerical experience.

I have been a worker in the Republican party since I became of age nineteen years ago and I assure you that if the Republicans give me the nomination, I will make a vigorous campaign for the election in November.

I have been a working man, know how to sympathize with the workers, and trust you will file your vote for me.

Thank you.

John E. Johnson

The County's Biggest Fair Clearfield County Fair

SEPT. 16, 17, 18, 19.

**A Fair That Will Surpass Everything Ever Attempted
In This County**

**An Agricultural Fair Trimmed With Amusements
For Everyone.**

This year's Clearfield County Fair will eclipse anything ever attempted by the hustling body of men who are at the head of the project. Everything will be bigger, better and on a larger scale.

The exhibits are more profuse. The amusements are more elaborate and take in a wider range. The thrills will be thrillier. The races will be faster. New and bigger buildings will be prepared for the occasion.

A "Live-Wire" Fair For "Live-Wire" People

Complete Racing Program

Harness and running races. Motorcycle races that will be as thrilling as a race can be. Speed Kings from all parts of the country will be here.

Music Every Day

The Wallace Vocal Orchestra and the DuBois Band and the Crescent Band of Curwensville will discourse tuneful music during the four big days.

A Midway That Will Be A Hummer

Everybody breaks for the Midway and this year's Midway will be well worth breaking for. It will be one of the speediest Midways ever shown at any country fair and withal it will be clean and moral. Merry-go-round, Ferris Wheel, ever popular Whip, Ten Big Shows, Thirty concessions and other amusements.

Agriculture Gets A Boost

It has long been a plan to make Clearfield County more of an agricultural county. This year's fair will go far toward this end. Exhibits of county produce, exhibits of the most improved modern farm machinery, everything that will make Clearfield County farms better and more productive.

Expo. Hall Center Of Attraction

Hundreds of feet of floor space are devoted to displays of merchandise and other exhibits that will be a revelation of beauty and instruction.

Housed here are the Historical and Floral exhibits which will far surpass anything that has ever been attempted.

The Thrilliest Of Aeroplane Flights

On Wednesday and Thursday afternoons Lieut. Stickney of the U. S. Aviation service will make flights and do just the sort of stunts that have made U. S. aviators famous the world over. Loop the loop, tail spins, slide slips—everything that a most daring aviator could do will be done on these afternoons. Lieutenant Stickney will carry passengers during the flights. Tickets may be secured from Fred B. Read, Sec., at his office in the Murray Building, or at the Main Entrance gate. Straight flights, \$15. Fancy flights and stunts extra.

Gorgeous Fireworks

Tuesday, Wednesday and Thursday evenings will bring the most scintillating displays of fireworks that have ever been shown in this city.

Closing Time For Entries

Horse Racing, September 11th 10 p. m.

Motorcycle, September 12th, 10 p. m.

Live Stock Exhibits, September 15th, 6 P. M.

All other exhibits September 16th, noon.

Sports For the Sporty

Baseball, Wednesday and Thursday afternoons at 6 P. M. Wrestling bouts on stand in front of the Grand Stand every afternoon.

**Four Big Days, Sept. 16-17-18-19
CLEARFIELD COUNTY FAIR**

FARM POULTRY

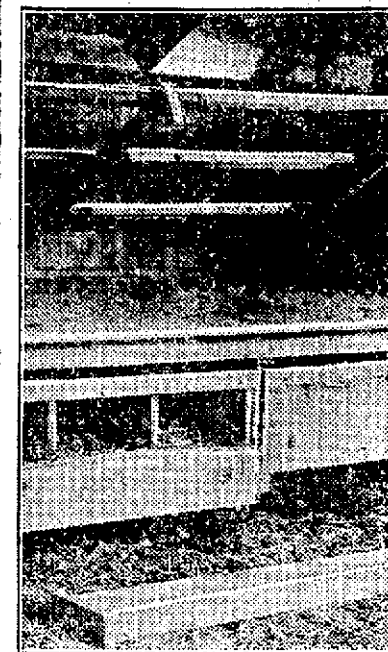

CARE FOR HEALTH OF FOWLS

Dropping Boards Should Be Cleaned Weekly—Isolate Birds With Colds—Keep Away Insects.

(Prepared by the United States Department of Agriculture.)

Clean the dropping boards at least once a week, and spray the roosts once a month with kerosene or some commercial preparation for killing mites. Have a good supply of sand or dry dirt on hand to use on the dropping boards.

If any of the birds develop colds,

A Clean House Promotes the Health of Poultry.

put as much potassium permanganate as will remain on the surface of a dime into a gallon of water and keep this material in their drinking water for several days, or until the symptoms of the colds have disappeared. Remove any sick birds from the flock as soon as noted and treat them in coops by themselves or kill and bury them if they are not worth treating.

Examine the pullets and hens for lice and dust thoroughly with a good insect powder or apply a mixture of equal parts of vaseline and mercurial or blue ointment, applying a piece about the size of a pea one inch below the vent of the bird, rubbing the mixture lightly on the skin. An application of this ointment two or three times a year will keep the fowls free from lice. Where insect powder is used, it should be applied three or four times a year, or oftener if the fowls become infested with lice. Provide a small box in the house, partly filled with dry road dust or fine dirt, in which the hens may dust themselves, thus helping to keep them free from lice.

It is an easy matter to overfeed fowls. Bear this in mind unless the fowls are on range.

Hens that are laying are not likely to accumulate fat; it is when they are not laying that they do so.

Give the fowls good dust and plenty of it. This is how they keep themselves free of vermin and well.

Hens of light breeds may be profitably kept for three seasons; those of the heavy breeds for two seasons.

Good layers are tired up and not fed up. All the feeding in the world cannot induce a naturally nonproductive hen to change her nature.

A trap nest is the one accurate way to tell whether you are keeping a paying flock, but the poultryman who keeps it must look after the nest in a proper way.

If you have made a failure of everything else, don't think the chicken business will prove to be a life saver. It requires not only brains, but an overplus of energy.

Chickens never wash, as many other birds do but cleanse themselves of insects by wallowing in soil. For this reason every poultry house should be provided with a dust box.

Five eggs out of every 100 are spoiled by being fertile. Producing infertile eggs does not require anything but the removal of the rooster from the flock after the need for hatching eggs is past.

Milk is no substitute for meat, for it is not sufficiently concentrated. It is possible for fowls to drink enough of it to take the place of meat. When fed with animal food, milk performs excellent service.

Infertile eggs are more common among poor layers than good ones. Experiments at the Maine experiment station proved it nearly impossible to get fertile eggs from the hens that were the poorest layers.

WANTED—Half a dozen young men or ladies to assist in entering exhibits at the Fair. See Fred B. Read, Room 6, Murray building, \$91tc

One Reason Why I Ask Your Vote

*This Is One of Several Which You
Will Get In Due Time*

Eight years ago when I ran for the office of Prothonotary of the county I was defeated at the primary. Recognizing the right of the present incumbent to the second term, I did not attempt to run at the last election.

This year I feel that, in view of the good sportsmanship displayed, I am entitled to your most earnest consideration when you cast your vote at the primary. I have served the Republican party well. I have been a lifelong adherent to the principles promulgated by exponents of Republican doctrine.

When you mark your ballot on Tuesday, September 16th mark it like this:

CARUSO RETURNS FROM EUROPE WITH WIFE AND SON—Left to right; Enrico Caruso, Jr. with his father the noted tenor and his step-mother, photographed on board the S. S. Giuseppe Verdi on the arrival of the vessel from Italy.

PREACHED TO APPRECIATIVE AUDIENCES

The Rev. Nikola Di Stefano, of Altoona, preached to a large and appreciative audiences in the Eleventh street M. E. church Sun-

day. His subject in the morning was "Words of Cheer" and in the evening "Looking God in the Face". At both services Mr. Di Stefano addressed the Italians present in their own language, much to their delight

and instruction. Rev. Di Stefano in his visits to Eleventh street church evening "Looking God in the Face", has made a fine impression on both the Americans and Italians in the community. He expects to return again the first part of October.

COLLEGE NIGHT AT TRINITY AN ENJOYABLE OCCASION

"College Night" observed in Trinity Methodist church Sunday evening was featured by good music by the organist and by the choir, had a fine address by A. D. Bigler.

The church was attractively decorated with flowers and college pennants were in conspicuous places on the walls of the auditorium. The following is the list of students from Trinity church who will soon take up their school work:

Irene Buchanan, Lock Haven Normal School.
Catherine Daneling Bryn Mawr.
Athalia Kline, Randolph Macon Woman's College.
Pauline Naff, Sargent Physical Training School.
Madeline Porter Ithaca Conservatory of Music.
Grace Stewart, Oberlin.
Katharine Zerfoss, University of Pittsburgh.
Carl H. Anderson, Dickinson.
Harold Boulton, Lawrenceville.
Walter J. Fliegel, Colorado College.
Albert R. Kennard, Penn State.
Richard Kennard, Jr., Penn State.

"KNOX INVITES GERMAN ATTACK"

SENATOR NELSON ANSWERS
SPEECH OF PENNSYLVANIA
SENATOR AGAINST
TREATY.

AMERICA MUST KEEP PLEDGE

Must Not Desert the Stricken World
in the Hour of Its Crisis,
Says Veteran Republi-
can Leader.

Washington.—(Special.)—Senator Nelson, of Minnesota, Republican, gave out the following statement tonight through the Washington bureau of the League to Enforce Peace: "The repudiation of the pending treaty, as advocated by Senator Knox, of Pennsylvania, in the senate Friday, is an open invitation to Germany to attack France in the event that the policy advocated is adopted. "The non-participation of the United States in the league of nations would isolate France and leave her exposed to German attack on the east. Senator Knox takes the position that all the United States is called upon to do is to declare by resolution of congress a status of peace. He ignores the fact of American leadership and he does not recognize the truth that the family of nations stricken by this war is leaning on the strong arm of this nation today. He would have us take on the ignominy of deserting the stricken world in this hour of its crisis. He would have us after we have come to the rescue of mankind at the crucial time and saved France from coming under the iron heel of German militarism leave the ruins of that France we have saved to be gathered up by her enemy, an enemy whose hatred and evil purpose have not changed by the enforced signing of this treaty."

BASEBALL NOTES

The Boardman Baseball team journeyed to Bigler Saturday and met defeat at the hands of the Bigler sluggers by a score of 3 to 2.

Manager Katzman of the Boardman Athletic club is suffering from a large case or two of "frost-bitten batters" or at least that is the opinion of Manager McGowan and his Clearfield ball team. Katzman posted a \$10 forfeit for a game of ball between Clearfield and Boardman for a \$200 side bet, but when the time arrived for putting up the balance of the \$200 Katzman's "cold feet" prevented him from being on hand and the game is off.

PARADED WITH FIRST DIVISION

George R. Lippart received word of the safe arrival in New York, of his son Corporal Wm. Lippart, who recently arrived at Camp Mills, from overseas with Headquarters Co. of the 9th Field Artillery, First Division. Corporal Lippart was in the big parade at New York yesterday upon General Pershing's arrival and will also parade with the Division in Washington on September 11th, after which he will return home. He had been overseas for more than two years.

AMERICAN LEGION MEETING

All service men are requested to attend a meeting of the American Legion to be held in the Arbitration room of the court house Thursday evening, September 11, 1919, at 8 o'clock. This is an important meeting and service men generally should be present.

Walter B. Kennard, Penn State
Lynn McPherson, Penn State
D. Way Powell, Kiskiminetas
Harold Robison, Eastman Business College.
Kenneth Thorn, Penn State
Paul D. Watson University of Pittsburgh.

GRAND JURY'S REPORT

To the Honorable Singleton Bell, President Judge of Clearfield Co., Pa.

The Grand Inquest inquiring in and for Clearfield county, September Sessions, 1919, do respectfully submit the following report:

We have acted upon fifty-three bills of indictments, of which we returned fifty true bills and three not true bills.

We recommend to the County Commissioners to build a new concrete bridge at Madera, in Bigler township, to take the place of a wooden bridge across Muddy Run, span County Commissioners to pay fifty per cent. of the cost of the bridge.

We have inspected the public buildings and find all in good condition except the juvenile room in the jail, which should have the plaster repaired and be repapered.

We also recommend that the toilet in the men's department of the County Home be repaired, also the plaster in the chapel, and recommend repairs to the jury rooms such as the former Grand Jury recommended. We commend the new system inaugurated by the court and District Attorney as a good system and recommend that it be carried out.

We also return our thanks to the Honorable Court, the District Attorney and to the officers of the Court, also the County Home Steward and Matron and our Tipstaff for their courtesies during our deliberations.

DANIEL MARSHALL,
Foreman

DANIEL NEVLINC,
Secretary

Clearfield, Pa., Sept. 6, 1919

NOTICE TO CONTRACTORS

Sealed proposals, accompanied by certified check in the amount of 10 per cent. of bid price will be received by the Supervisors of Bigler township, Madera, Pa., until Wednesday, September 17th, 1919 at the office of James W. Ruffner, Esq., Madera, Pa. for the construction of a section of brick highway 20 feet wide by approximately 925 feet long in Madera, Pa., as per drawings and specifications on file at the office of James W. Ruffner, Esq.

Parties desiring copies of drawings and specifications can secure same by writing to James W. Ruffner, Esq., or visiting the county commissioners' office at Clearfield or by calling at the office of G. A. Fling consulting engineer, Commonwealth Trust building, Harrisburg, Pa. A deposit of \$5.00 will be required.

Proposals must be made out upon blanks furnished by the township. All blank spaces must be filled in and no change in phraseology shall be made.

The Supervisors reserve the right to reject any and all bids.

The words: "PROPOSAL, MAIN STREET PAVING", shall be plainly marked on the outside of all proposals.

By order of the Supervisors of Bigler township.

CHAS. S. SHOFF, Clerk.

BETTER THAN WOODEN FENCE

Wall Constructed of Loose Stones
Has Many Points of Superiority
—Harmonizes With Nature.

The New England stone wall, as a feature in landscape scenery, is sometimes spoken of as a deformity; yet it cannot be denied that the same lines of wooden fence would mar the beauty of our prospect in a greater degree. On account of the loose manner in which the stones are laid one upon another, as well as the character of the materials, this wall harmonizes with the rude aspects of nature better than any kind of masonry. It seems to be less of a blemish than a trimmed hedge or any other kind of fence, unless in ornamental grounds. In wild pastures and lands devoted to rustic labor, the stone wall is the most picturesque boundary mark that has yet been invented. A trimmed hedge in such places would present to the eye an intolerable formality. One of the charms of the loose stone wall is the manifest ease with which it may be overleaped. It menaces no infringement of our liberties. When we look abroad upon the face of a country subdivided only by long lines of loose stones, and overgrown with vines and shrubbery, we feel no sense of constraint. Fences are deformities of prospect which we are obliged to use and tolerate. But the loose stone wall only is expressive of the freedom which is grateful to the traveler and the ramble—Wilson Flagg.

Best to Build for Oneself.
The advice to the citizen to build his own home, if possible, is good. When a man builds for himself and his family he knows precisely what he gets, and he gets the kind of home he likes. It is better suited to the needs of himself and his family than is one that has been constructed for some other family. The cost of such construction may seem high, but good judges of values believe that an investment of this kind, made carefully and wisely, is the soundest and most satisfactory in the long run.

Roadside Fruit Trees.
The genius of the roadside fruit or nut tree is the hospitality which it symbolizes, and the spirit of neighborly co-operation. It is an established institution in parts of Europe, as in France, Italy and Germany. It is a practice worth thinking about. Both esthetic and utilitarian purposes would be served by general adoption of the rule in communities sufficiently organized to give necessary care to the trees once they have been planted.

"WHAT'S THE IDEA"
IS FINE SHOW

Rice and Cady, who will be seen at the Driggs Theatre, Friday, September 12th, in their new musical comedy, "What's The Idea?", have written during their twenty years of partnership, in the neighborhood of ten thousand parodies, and have never had a harsh word with each other. Aside from McIntyre and Healy, they are the oldest vaudeville team in the business.

At the dress rehearsal of the play, a rubber pad which Cady wears to make him look stout, was given to his valet to inflate with gas from a tank which the company carries for that purpose. After inflating the pad and closing the valves, the valet went to the boys' dressing room to give the pad to Cady, but the latter was on the stage at the time; the valet went to call him, leaving the door of the dressing room open; of course the pad refused to stay where it was laid, not being anchored; when Cady came in to put it on, it was missing and a search was immediately instituted for his supposed avorupois.

All attempts to find it were futile; every light in the house was turned on, and Rice, who was directing the play, in giving the stage hands the exact spot where the lines to hold the chandelier was to be placed, discovered Cady's lost corporation bumping against the gridiron, which is just underneath the roof of the stage.

Cady lost about two pounds and a lot of his good nature climbing to the roof and then down on the grid-iron to get his much needed prop.

BY THEIR ACTS YE SHALL
KNOW THEM

There are a bunch of fellows in Clearfield just waiting to get something on The Progress and they sure thought they had it on us when the Saturday issue came off the press. One of the principal advertisements set forth three special bargains but failed to give a signature. Immediately the telephone began to ring and we began to be joshed on the street. Some even went so far as to say we would have a hard time collecting the charge for that advertisement. But not so boys. That advertiser is a constant and consistent advertiser. Never an issue of The Progress is permitted to go out of the shop without him being represented. Now what is the use giving names. You know who we are talking about. This advertiser knows the value of advertising and he knows further that the thousands of readers of The Progress know just what his ads are like and know where to go whether the ad is signed or not. The wide awake advertising manager of this progressive firm just wanted to prove his own belief that the people would know his store without the signature. Did they? Well, ask him. Shoppers walked right into the right door and asked for the specials.

HISTORICAL EXHIBITS AT
CLEARFIELD COUNTY
FAIR

The historical exhibits at the County Fair in the past has been one of the most interesting features in the main building, and it is the desire of the management to maintain the co-operation of the public in this useful and instructive department.

Since the American boys have done so much toward ending the great World War, and the public being so very interested in their activities, the Committee in charge, has been instructed to procure relics of the late war for exhibition purposes, and they especially request all citizens who have in their possession any article that would be of interest to bring the same to the fair grounds on Monday, September 15th, where a proper receipt will be given for the exhibit, and the article will be returned to the owner on the last day of the fair.

L. C. NORRIS,

H. L. HAINES,

COMMITTEE.

NOTICE CLASS NO. 10

The regular monthly business meeting of Class No. 10 of the West Side M. E. church will be held at the home of Mrs. Albert Hunter on Turnpike Avenue, Tuesday evening, September 9. Good attendance desired.

JUNIOR AUXILIARY MEETING

The Junior Auxiliary of the Clearfield Hospital will meet with Mrs. Wright Elder Tuesday evening, September 9 at 4 o'clock. A full attendance is desired.

If Kidneys And
Bladder Bother

Take Salts to flush kidneys and neutralize irritating acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is not really one of the most simple ailments to overcome. Get about four ounces strength weak, disordered kidneys and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to then act normally again.

and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jael Salt is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

SHE WANTS TO HELP OTHERS

Mrs. A. G. Wells, R. F. D. Rocky Mount, N. C. writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefits I have derived from their use. Please publish this statement as I want the people everywhere to know of them." I am back, sore muscles, puffiness under eyes, and an "always tired" feeling are indications that the kidneys and bladder are not working properly. Foley Kidney Pills, to overcome. Get about four ounces strength weak, disordered kidneys and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to then act normally again.

STEEL WORKERS KILLED IN STRIKE RIOT

LABOR SECTION OF PEACE TREATY WILL SOLVE LABOR'S PROBLEM WILSON SAYS

TELLS ST. PAUL AUDIENCE SPEEDY RATIFICATION WILL LOWER LIVING COST BY SPEEDING PRODUCTION

MINNESOTA FARMERS INTERESTED

ST. PAUL, Sept. 9.—President Wilson and party arrived here from Sioux Falls at 9 a. m. today and was greeted by an immense crowd of people. He will devote the day to informing the people of the "Twin Cities" of the facts surrounding the making of the peace treaty and League of Nations covenant and the necessity for their prompt ratification.

By HUGH BAILLEE

United Press Staff Correspondent

ABOARD PRESIDENT'S SPECIAL—The high cost of living will be discussed today in the Presidents talk urging ratification of the peace treaty. Thus far Mr. Wilson has not urged that the treaty be speedily ratified in order that business conditions be restored to normal with consequent adjustment and lowering of living costs, but that phase of the proposition will be dwelt upon at this time.

In traveling through Minnesota the President finds the farmers very much interested in the peace treaty crusade. He expressed his pleasure at this and takes especial delight in meeting and greeting the farmers who hurried from their harvest fields to talk and shake hands with him.

Wilson is hammering into the people the necessity of ratification from a purely American standpoint as he says failure to secure the blessings of the covenant will mean military autocracy throughout the world.

The President is standing the grueling trip exceptionally well and Dr. Grayson reported him in the very finest shape after concluding his speech at Sioux Falls last night.

ST. PAUL, Sept. 9.—Ratification of the peace treaty is necessary to cut down the cost of living, said the President here today, in his first address in this city. Labor is impatient and not satisfied with its employers and the labor section of the covenant provides the means of ending this dissatisfaction. When labor's problem is solved production will go forward and increased production means lowering of prices.

By FRED S. FERGUSON

United Press Staff Correspondent

WASHINGTON, Sept. 9—If President Wilson and his supporters were counting upon a flood of telegrams and letters to Senators urging ratification of the peace treaty from the territory traversed by the President in his "swing around the circle" the tour so far has not been a success, according to friends of the administration today. Very little word from the firing line has crept through to date.

Senator McCormick will follow the President on his long-distance debate with the President regarding the advantages and disadvantages of the League, while Senator Borah will start out on a different route.

WASHINGTON, Sept. 9—"Democratic Senators will accept reservations only as a last resort," said Senator Hitchcock, administration leader, in discussing the peace treaty ratification today. The Senator in speaking of the claims of Lodge and his anti-leaguers, said he supposed they would have to accept mild reservations if there was no other way to secure ratification.

In further discussing alleged Democratic disaffection Senator Hitchcock said "Any reservations as part of the resolution of ratification are not favored by Democratic Senators, regardless of report, and they would be found standing by the President to secure final ratification without resubmission."

WASHINGTON, Sept. 9—When President Wilson returns from the west he will find the Republic majorities in the senate solidly united in favor of adopting reservations in the resolution for the ratification of the peace treaty. He believes that even Senator McComber, of North Dakota, who voted with the Democrats in the committee, will be found voting with the rest of the Republicans.

Senator McComber has accepted all the committee reservations except that on Article 10.

The treaty will be reported to the senate Wednesday morning. Senator Lodge says "The report will be about 3,000 words in length, and it is understood it will not mince words in expressing the attitude of the majority regarding the necessity for reservations. Senator Lodge has written the report himself. It is said the report

will be enough more votes on the Democratic side to insure adoption of the reservation if any of the 49 Republicans should fall down at the last moment. But Senator Lodge, the Republican leader, announced today that the whole 49, composing the majority, will vote for reservations. "Whatever vote we get from the Democrats," he added, "will be clear profit."

Senator Lodge is confident that when the senate gets under way the Republicans who have been hold-

HOT BALL GAME THURSDAY NEXT

Boardman and Clearfield signed articles at noon today for a game of baseball, to be played at the Clearfield Driving Park, Thursday afternoon, September 11th, at 3:30 P. M. for a \$400.00 purse. This game grows out of the controversy started by Manager Katzman of the Boardman Athletic Club, last week. When Katzman's offer failed, Manager Brown of the Boardman team, stepped into the breach to uphold the honor of the Knox township metropolis, and the argument was finally completed this morning.

The money was deposited with the Sporting Editor of The Progress. The two teams will be made up from the list of names published in this paper Saturday last.

will contain some very pointed phrases in dealing with the theories of the treaty framers.

Senator Lodge said further that although he could not undertake to regulate the debate on the treaty, he believed it would be possible to bring the question of ratification to a vote within a month. The amendments will be taken up first and after these the form of the ratification resolution will be debated.

The statement of Senator Lodge that the entire Republican membership will be for reservation does not mean that all of the Republicans will vote for the ratification resolution on final roll call. On the contrary there are understood to be no less than 23 senators, most of them Republicans, who will vote against ratification, no matter what reservations may be adopted. This is only five votes less than are needed to kill the treaty.

Senators Borah, Johnson, Knox, Moses, Grandge, Poinexter, Knox, Cormick, Reed and others may cast their votes for reservations, but they will not vote for ratification when that question is decided.

Senator Hitchcock, Democratic leader returned to Washington today from his summer home in Massachusetts. He said he was not at all alarmed by the reports that eight or nine Democrats are preparing to quit the President's side and vote with the Republicans. He believes they will all stick; the senator said he was not annoyed by reports that Senator Simmons, Senator Ashurst among others would not follow the reservation program.

ENTHUSIASTIC RECEPTION OF THE PRESIDENT AT COLUMBUS, O.—Scenes attending the President's first speech in behalf of the League of Nations at Columbus.

BEECHWOODS MYSTERY UNSOLVED

Some two weeks ago the remains of a horse hitched to a rubber-tired buggy were found tied to a tree in the Beechwoods not far from DuBois. Investigation by Rev. Borland and DuBois boy scouts disclosed that after being tied to the tree the horse had been shot through the head. Since that time no clue has been uncovered that would give any light on the strange find.

A reader of the Courier, living in Youngstown, O., in reading on August 29 of finding of the mysterious outfit by Mr. Calhoun of the Beechwoods, recalled having seen in the Courier on the date of July 21, an article at that time clipped from the Clearfield Progress, which may offer the proper solution, if traced down by the authorities.

The clipping reads as follows:

Foster Heller and his seven-year-old daughter passed through Clearfield yesterday evening on the last lap of the fourth day of a journey which they expect will take them ten weeks to complete and which will carry them almost across the continent.

Heller formerly lived at Powers Lake, North Dakota, but about two years ago moved back east and settled at Danville, Pa. Last winter his wife died during the influenza epidemic and tiring of the east Heller decided to again take up his residence in North Dakota, where he owns a valuable farm.

He decided to make the trip overland, accompanied by the little girl. They are traveling in an open rubber-tired buggy drawn by a magnificent horse. They started from Danville on Tuesday last and hope to reach Powers Lake by October 15th.

Their route took them to Curwensville where they spent the night and continued their journey to DuBois this morning and will go from there to Brookville and on north to Erie.

Heller had been making about 50 miles per day thus far and they appeared to be enjoying the trip. They carry no camping outfit but expect to put up at farm houses along the way. —Clearfield Progress.

The condition of the remains of the horse would indicate that it had been in the woods at the place found for at least a month. The description of the buggy, so far as it goes, owned by the Heller's tallies with that of the buggy found. The route taken from DuBois, on their way to Erie would have taken them through the section of the country in which the horse and buggy were found.

So far as can be learned, no word has been received from Mr. Heller and his daughter since they passed through DuBois about the 22d of July and headed northward.

BOROUGH DADS IN BRIEF SESSION

President Pletcher presided over the adjourned regular meeting held in the council chamber last evening and participated in by nine of the twelve members of council.

Burgess Chase reported a total of \$215 in fines and \$10 in licenses for August.

Treasurer Hiteman reported a balance of \$33,293.76 in the treasury. Solicitor Uery reported collections of \$40.08 and presented check for same.

D. B. McCarty was present regarding fining of auto drivers and asked to have his fine returned if all were not made to pay. Council decided they had no jurisdiction in the matter.

M. L. McQuown, county Health officer was present and complained regarding condition of Borough dump along creek. At his suggestion the street commissioner was directed to detail two men to clean up same.

J. R. Wilson and O. L. Norris were present and asked for curb grade in front of their properties on Merrill street. Engineer was directed to give required grades.

The Solicitor was directed to prepare an ordinance for a sanitary sewer extending along borough line from West Fourth to West Fifth avenue.

The Engineer was directed to prepare estimate for storm water sewer on Leavy avenue extending from the east side of Third street to connect with the Walnut street sewer at Second street.

Special report of Engineer regarding relief of storm water conditions on lower Fourth street was read to council. It calls for a 24 or 30 in. sewer from Pine street through to the river at a cost of approximately \$3000. No action was taken on same.

ANOTHER WRESTLER AFTER ROBERTS

Charles Plattos, of Bath, New York, arrived in Clearfield, hot on the trail of Leslie Roberts, the Boardman Athletic club's star mat man. Plattos is the man Mort Henderson named in his challenge to Roberts at the park on Labor Day.

Plattos, who has some reputation as a wrestler, in his home state, would like to arrange a match with Roberts and authorizes The Progress to make that statement to Roberts and Manager Katzman.

WALTER CLARK'S FUNERAL

The funeral of the late Walter Clark will be held at his home on Clark street tomorrow afternoon at 2 o'clock. Rev. W. W. Hartman, of Trinity Methodist church will officiate. Interment in Hillcrest cemetery.

TWO MEN DEAD, TWO FATALLY HURT AND TWENTY-FIVE SERIOUSLY INJURED IN STANDARD STEEL WORKS CLASH

HAMMOND, IND., SCENE OF BATTLE

HAMMOND, INDIANA, Sept. 9.—Two foreigners are dead, two dying while twenty-five are lying seriously injured following a clash here today at the plant of the Standard Steel works when a strike has been underway for the past six weeks. The outbreak occurred when five hundred foreign strikers marched to the plant with flags flying.

NATIONALIZATION OF MINING INDUSTRY TO BE URGED BY MINER'S CONVENTION

CELESTINE, OHIO, Sept. 9.—Representing approximately half a million coal miners, two thousand delegates of the United Mine Workers of America came to Celestine today to formulate a wage scale to be presented to mine operators. It was expected that they would adopt the report of the policy committee which met at Indianapolis several months ago and decided to ask for:

A six hour day.
A five hour week.
A substantial increase in wages.
Nationalization of the mining industry will be advocated in a resolution prepared for submission to the convention. This action was urged as much as it was adopted or rejected by the policy committee and it was considered likely a copy of the resolution will be forwarded to congress.

Numerous other resolutions, prepared weeks before the convention weeks or more, with the report to come to order, were to be presented, submitted and receive action of the convention upon its completion. The nature of these will not be divulged until they are introduced to the committees. John L. Lewis, acting president of the Mine Workers, was to pick up the gravel in Gray's armory here at 10 a. m. today and preside over the twenty-seventh constitutional and fourth annual convention of the organization. Lewis is acting during the absence of Frank J. Hayes, who is on a special months leave from the president's chair recovering from a nervous breakdown. Committees were to be appointed today by Lewis and resolutions on other matters were to be referred to them. The scale committee's action to the side of the most important in convention. This action was urged as much as it was adopted or rejected by the policy committee and it was considered likely a copy of the resolution will be forwarded to congress. Numerous other resolutions, prepared weeks before the convention weeks or more, with the report to come to order, were to be presented, submitted and receive action of the convention upon its completion.

MAY MOVE TO IMPEACH BURLESON

WASHINGTON D. C. Sept. 9.—Postmaster General Burleson's administration will be investigated, Republican leaders in the House declared today. Reports are current at the Capitol today that impeachment proceedings are being considered, although the Republican Steering committee denies that such step has been decided upon.

The investigation is largely due to the resignation of Frank M. Galloway who was forced out of the Civil Service Commission he alleges, by Burleson because he wouldn't discard the merit system in recommending postoffice appointments and allow political pull to dominate the ratings.

Republicans claim that competitors in the civil service are left to the discretion of the Postmaster General under a shrewd wording of the regulations for grading, which allow 20 points for education and 80 points for business training and experience, the latter being for postal officials to determine.

SAMUEL GOMPERS' FATHER DEAD

BOSTON, Sept. 9.—Solomon Gompers, the aged father of Samuel Gompers, President of the American Federation of Labor, died here today. He was at one time a cigar maker in London and had been totally blind since 1896.

EDITOR WILL ADDRESS CIRCULATION MEN

G. A. Stewart, managing editor of The Progress, left this morning for Scranton to attend the two-day convention of the Inter-State Circulation Managers Association which organization is made up of the circulation managers of the larger newspapers in the state of Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia.

The growth of The Progress without the aid of premiums or return privileges since the present management took hold has commanded the attention of the newspaper fraternity and Editor Stewart has been requested to address the convention on the subject, "Should the Smaller Dailies Use Premiums or Allow Returns to Increase Circulation."

WALIZER-BULLA

Married at the Eleventh Street Methodist church parsonage Monday morning at 11 o'clock, by Rev. John C. Collins, Eugene Walizer of Lock Haven and Miss Marie Bulla, of Liberty, N. Y. After a honeymoon spent in touring Eastern Cities they

will reside at Lock Haven. Mr. Walizer is a brother of Mrs. George Jacobs of Ninth street.

UNEXPECTED AERIAL VISITOR

Aviator J. F. White and one of the big government mail planes, just Clearfield an unexpected call last evening about 8 o'clock and attracted a large crowd of interested sightseers to the field below Patterson's barn works just outside the town limits.

Pilot White was making his maiden trip from Pittsburgh to Bellefonte when forced to descend here. He has journeyed from Bellefonte to Pittsburgh earlier in the day and was on his return journey. Getting slightly off his course he circled over the mountains north of town and picking up the Guinea Hill road in the gathering gloom he followed that into town and stopped in the Joseph Shaw farm below the Steel saw mill.

Mr. White had his machine under perfect control and good shape at times and settled gently to land without mishap of any kind. He got away for Bellefonte at 10 today.

All subscriptions not paid in advance are charged at forty cents a month.

Entered at Post Office at Clearfield, Pa., as second class matter.

Borough Engineer Hess' report on the matter of relief from storm water conditions on Fourth street should have the immediate attention of council. Residents along Fourth street from Cherry down to Reed have suffered damage, dirt and inconvenience uncomplainingly so long that forbearance has certainly long ceased to be a virtue and they are entitled to relief before another spring flood season rolls around, if such thing be possible at all. Why delay this long needed improvement.

The wide awake progressive citizens of the City of DuBois are to be congratulated upon their paving program for this year now nearing completion. Thirty-two city blocks were paved at a total cost of \$200,000. Of this paving or repaving over 14,000 square yards of asphalt were put down over old brick paving at a cost to the city of \$24,000. The property owners are required to pay two-thirds of the cost of street paving at DuBois.

It might be a good scheme for Clearfield's Town Council to get into touch with the city fathers at DuBois and get a line on asphalt paving. We have a considerable stretch of dilapidated brick paving which could be covered with asphalt at little cost and thereby make an excellent paved street.

It is more than probable that now peace has been declared, the submarine, that American invention that was prostituted to such foul use by the Hun, will be rescued from its ignominious use and made to serve humanity instead of outraging civilization. We are going to be able to descend to the bottom of the sea, hundreds of feet below its surface, and before many years, submarine expeditions will be far more popular than polar expeditions ever were. Many of the mysteries of the sea will be given up to these explorers.

A recent report shows that the United States has achieved independence of Germany in the chemical industry. This is one of the tragic results which are developing for Germany from her mad attempt to dominate the trade of the world. Like the dog in the fable, in trying to grab the bones from the mouths of other dogs, she has not only failed in that, but has also lost her own.

Mr. Hoover has been named by the Belgian government "Friend of the Belgian Nation." A title like that is prouder than any which the ex-kaiser, ex-war lord and ex-all highest could boast in the proudest days of his autocratic rule. It is a title which reflects honor on Mr. Hoover's country as well as on himself.

The Germans are denying so much from the guilt of the war to minor details, that it would not be at all surprising were they to charge that the sinking of the Lusitania was really inspired by the Belgians to bring the United States into the war.

More of the mighty have fallen. The sun is no longer even a minor topic of conversation.

Belgium occupies a comparatively small space on the map, but will take a big place in history.

The United States navy emerges from the war just as it went in, with colors flying, only more so.

The big market isn't the only place where the law of supply and demand and the price are strangers.

Today's Political Review

It has been called to our attention that Milford Bratton served two terms as county chairman instead of one as we stated in a recent article.

It has been observed that county chairmen have not, as a rule, been rewarded by offices in Clearfield county. Nevertheless it is the opinion of a great many electors that past county chairmen should be given consideration. It is said that only one man who has served as chairman has not been an office holder either before or after his serving as county chairman. Not only candidates, but aspirants to appointive positions with the state and federal governments have always exercised this claim.

It is quite possible that we have made other omissions and we will appreciate any information which will enable us to carry out the purposes of this column.

When we come to discuss the nine candidates for county commissioner this column is going to look like a "Who's Who" and really we would prefer to put this off until after the nomination and then write the "who's who" and the "who is not" but it must be done before the primary and in time to get in general circulation before the date which is just one week from today.

Our task today however is not so big. There are only two candidates for Register and Recorder, Ed. B. Chase and Tone Evans of DuBois, which perhaps accounts for the fact that this contest is just a little bit warmer than any of the rest of them appear to be. Ed. B. Chase probably needs no introduction to any reader of this political column. He has been identified with county politics for a number of years and made a vigorous campaign four years ago which resulted in his nomination and subsequent election. In that campaign he covered the county so thoroughly that his name became a household word although in the main linked up with that of his opponent who was close on his heels from the start off until the close of the polls. In his first term as Register and Recorder he has not failed to make new friends of everyone who has had dealings with his office. The hour has never been too late for Mr. Chase to go to the court house to accommodate a taxpayer. No mail or

ever carried a request for a prompt return of an important paper which was not attended to although the accommodation meant the sacrifice of pleasure and rest for Chase. Four years ago Mr. Chase made a promise that he would not seek the nomination this year. Ed. admits this to be a fact and in an open letter to be sent to the voters within a day or two will tell them why he changed his mind and decided to heed the encouragement given by his friends. Since Mr. Chase has not yet made public the contents of this letter to the voters we do not feel at liberty to discuss it any further at this time. Aside from this feature of Mr. Chase's claims for a second term it is said that hundreds of people throughout the county are going to support Mr. Chase because of the efficient and accommodating manner in which he has conducted the office. Particularly is this true of business men who have dealings frequently with the Register and Recorder and who appreciate business like administration of their business.

Tone Evans, the other candidate for the office of Register and Recorder hails from DuBois where he is well and favorably known to young and old alike. He is a young man full of vigor of life and is capable of waging a strenuous campaign. Wise to all the wiles of politics and having been interested in some phase of the game from year to year he is in close touch with the inner circles of the pastime and his real strength cannot be determined by outward appearances. It is definitely known that he controls certain districts as he has done so in elections of the recent past. He was a campaign manager in the DuBois region for Congressman Jones and contributed no small bit to the nomination of that gentleman. He conducted a whirlwind campaign four years ago and cites the promise of Mr. Chase to stay out of the fight this year. In addition to a long residence at DuBois he lived for some time in Clearfield and Curwensville and was for some time in West Virginia. He enjoys the distinction among the county candidates of being the only man who is unmarried but as the ladies are not yet voting it remains to be seen whether this is an advantage or a handicap.

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A. B. C. Never Fails.

If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using salve that made your toe red and almost raw, or tried to drag your toe out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine

peeling your corn off gloriously, easily and painlessly, just like peeling a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common sense way. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but

COMMUNITY ASSOCIATION MEETING

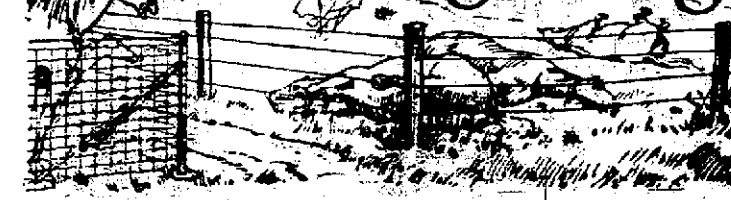

The Fourth Ward Community Association met in the Ward house last evening, and rendered an interesting program. Prof. George Zerfoss made the first address, emphasizing the need of co-operation in community endeavor. County Superintendent of Schools, W. E. Trostle, followed Mr. Zerfoss in an interesting address on important phases of neighborhood needs. The following question put in the "question box" last evening, will indicate the character and scope of subjects that are arousing attention in the community. How may we secure an assembly room in the Fourth Ward School building? What can be done to Americanize the foreign homes? How can we secure a library for our community? Is it the policy of the school authorities to continue the present practice of sending the Seventh Grade pupils out of the ward for instruction? That is to the Junior High School? Why should not the stores in this part of town be compelled to close on Sunday?

Some of these questions were discussed and others held over for the next meeting of the association, which is to be on the fourth Monday evening of this month.

Miss Helen Whiteman spent the week-end with relatives in DuBois.

a trifle at any drug store. Met by E. Lawrence and Co., Chicago, Ill. Sold in Clearfield and recommended as the world's best corn remedy by Stewart Drug Co.

Killed by Lightning

[National Crop Improvement Service.] In the summer time when the thunder caps appear in the sky and the storm sweeps down on the farm, the farmer thinks less of his safety than he does of his live stock.

When the stock is in the field during the storm it may happen that the animals drift against the wire fence, which may be heavily charged with electricity, and are shocked to death.

The ordinary fence built on wooden posts should be grounded every sixth post. To "ground the fence" means

to twist a piece of wire six or eight feet long around all of the live wires of the fence and then dig a hole in the ground near the post and bury the other end of the wire. The hole should be dug deep enough so that the wire comes in contact with moist earth. A fence so grounded offers no danger to live stock during the thunderstorm. The wire fence built on galvanized steel fence posts is already grounded at every post and no thunderstorm with its discharge of lightning can injure the cattle inclosed by such a fence.

Refreshing flavor and fragrance and unusual mellow-mildness make Camel Cigarettes instantly and permanently likable!

CAMELS are a cigarette revelation! They are a smoke delight! They answer the cigarette question as it has never before been answered. Your taste will prove that!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos which you will greatly prefer to either kind of tobacco smoked straight. Your test proves that!

This expert blend brings out Camels' wonderful cigarette qualities. It eliminates any unpleasant cigarette aftertaste or any unpleasant cigarette odor! It also makes possible Camels' enticing mildness while retaining the full "body" of the tobaccos.

No matter how much you like Camels and how liberally you smoke them, they will not tire your taste!

For your own satisfaction compare Camels with any cigarette in the world at any price!

You will receive in return a trial package containing Foley's Honey and Tar compound or coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism backache, kidney and bladder ailments; and Foley Cathartic tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels. Sold everywhere.

I saw it in The Progress.

Corns, Callouses-TORTURE Quickly Relieved By

CORN "FIX"

The wonderful new discovery for corns, callouses and bunions. The pain stops with the very first drop, and in 10 minutes the corn may easily be removed. A chip-putalist uses the same method—many use Corn "Fix."

No ether, colodion, or salicylic acid to cut the flesh, burn and make it sore. No more soaking or "working" the feet, no more extended treatments. In 10 minutes the corn is gone—no pain, no blister, safer and different.

Corn "Fix" is wonderful! Don't suffer another minute. If your dealer cannot supply you send us 25c in stamps and we will mail you a bottle direct.

For itching, burning, tired, swollen, aching or perspiring feet, use Corn "Fix" Four Bath Tablets. 30 tablets for 25c. Your money back if either fails to help you. Corn "Fix" Co., Inc., Newark, N. J.

Sold at Stewart's Drug Store, Woodward & McPherson, and other dealers.

Everybody Knows I Needed 80 Votes To Win

When I ran for the office of County Commissioner four years ago, I came within 80 votes of getting the nomination. This year I am making strenuous efforts to see those eighty fellows who did not cast their vote for me.

My platform is a business administration along business lines. My years of experience in the County Treasurer's office has given me an insight as to how the county's business should be run. The taxpayers' interests will be my interests.

Consistent Republican principles have guided my political life and on this business-like platform I ask you for your vote.

COURT NOTES

Robert Thompson through his attorney, L. D. McCall, filed a petition in the Prothonotary's office this morning in which a divorce is asked from Nora P. Thompson. The complainant recites that he was married Aug. 14, 1919, and was forced by his wife's cruel and barbarous treatment and violent abuse to "fly the coop" on August 23d or after just nine days of wedded bliss or blisters.

Huston township citizens filed a petition with the court today in which they ask for a new road in that township. The petitioners ask for an open public road in Huston township beginning at a point on the public road leading from Penfield to Tyler, at what is known as Horning Run, about one and one-fourth miles from Penfield; thence to extend to the public road at a point called Mt. Pleasant, on a line between the farms of M. T. Smith and W. H. Lee, at about one mile from the Penfield and Tyler road of said township and also to vacate a road in Huston which begins at a point on a road leading from Penfield to Tyler, known as Mill Run road about two miles from Penfield; thence extending to a point on public road leading from Kersey to Penfield at a point of line between lands of M. T. Smith and W. H. Lee, about one mile from the Penfield road in said Huston township.

Judge Bell appointed viewers to examine into the matter and report later.

Lizzie Carbaugh and David Carbaugh, represented by Pentz & Pentz, entered suit this morning in the Clearfield county courts against Ira Kline for the purpose of recovering \$1,000 damages for injuries received by Mrs. Carbaugh when a wagon in which she, her husband and daughter Lottie were riding was struck by an automobile driven by Kline. The accident occurred on Maple avenue, DuBois on August 16th last and the complaint alleges Kline was driving at a very high rate of speed and in a reckless manner. Mrs. Carbaugh Market street. FOUND

FOUND—Black fur scarf between Shawsville and Odessa. Owner may have by satisfying finder of ownership and paying him 50 cents for this notice. Apply Progress. S9-2tp

TO THE REPUBLICAN VOTERS OF CLEARFIELD COUNTY

I wish to respectfully appeal to you for your support and influence for me as candidate for the office of Prothonotary. I have made an honorable campaign and endeavored to see as many of the voters as possible, but this is a large county and I have not been able to see all. I feel that I am well qualified to fill the office if nominated and elected, having taken a study course in law, and having had considerable clerical experience.

I have been a worker in the Republican party since I became of age nineteen years ago and I assure you that if the Republicans give me the nomination, I will make a vigorous campaign for the election in November.

I have been a working man, know how to sympathize with the workers, and trust you will file your vote for me.

Thank you.

John E. Johnson

had her clothing destroyed and suffered painful injuries, being yet under the doctor's care.

Y. M. C. A. NOTES.

The Y. M. C. A. Bowling Alleys have been repaired and are now open for the use of its members. Our men's team will bowl "Abe" Jones' strong Altoona team at Clearfield this Saturday evening at 8 o'clock.

Last spring the Secretary gave out over six hundred packages of seed to the boys and girls. They are all requested to bring their prize vegetables to be Y. M. C. A. to have them entered at the fair.

We now have 454 members. Let every member work and get a new member and make it a thousand.

WOODLAND GARAGE

Have opened an automobile garage at Woodland and am now prepared to do all kinds of auto repair work. First class workmen. All work guaranteed. Tires, oil, gas and supplies of all kinds. Give me a trial. John Siebenrock and Son S9-6tp

Preserving Supplies

We have just received a car load of E-Z Seal and Mason Glass Jars, and Jelly Glasses.

Our line of Preserving Supplies is complete, Tin Fruit Cans, Kettles, Sealing Wax, Jar Rubbers, Jar Caps, etc.

Call or telephone our orders. They will receive our best attention.

The County's Biggest Fair Clearfield County Fair

SEPT. 16, 17, 18, 19.

**A Fair That Will Surpass Everything Ever Attempted
In This County**

**An Agricultural Fair Trimmed With Amusements
For Everyone.**

This year's Clearfield County Fair will eclipse anything ever attempted by the hustling body of men who are at the head of the project. Everything will be bigger, better and on a larger scale.

The exhibits are more profuse. The amusements are more elaborate and take in a wider range. The thrills will be thrillier. The races will be faster. New and bigger buildings will be prepared for the occasion.

A "Live-Wire" Fair For "Live-Wire" People

Complete Racing Program

Harness and running races. Motorcycle races that will be as thrilling as a race can be. Speed Kings from all parts of the county will be here.

Music Every Day

The Wallace Vocal Orchestra and the DuBois Band and the Crescent Band of Curwensville will discourse tuneful music during the four big days.

A Midway That Will Be A Hummer

Everybody breaks for the Midway and this year's Midway will be well worth breaking for. It will be one of the speediest Midways ever shown at any country fair and withal it will be clean and moral. Merry-go-round, Ferris Wheel, ever popular Whip, Ten Big Shows, Thirty concessions and other amusements.

Agriculture Gets A Boost

It has long been a plan to make Clearfield County more of an agricultural county. This year's fair will go far toward this end. Exhibits of county produce, exhibits of the most improved modern farm machinery, everything that will make Clearfield County farms better and more productive.

Expo. Hall Center Of Attraction

Hundreds of feet of floor space are devoted to displays of merchandise and other exhibits that will be a revelation of beauty and instruction.

Housed here are the Historical and Floral exhibits which will far surpass anything that has ever been attempted.

The Thrilliest Of Aeroplane Flights

On Wednesday and Thursday afternoons Lieut. Stickney of the U. S. Aviation service will make flights and do just the sort of stunts that have made U. S. aviators famous the world over. Loop the loop, tail spins, slide slips—everything that a most daring aviator could do will be done on these afternoons. Lieutenant Stickney will carry passengers during the flights. Tickets may be secured from Fred B. Read, Sec., at his office in the Murray Building, or at the Main Entrance gate. Straight flights, \$15. Fancy flights and stunts extra.

Gorgeous Fireworks

Tuesday, Wednesday and Thursday evenings will bring the most scintillating displays of fireworks that have ever been shown in this city.

Closing Time For Entries

Horse Racing, September 11th 10 p. m.

Motorcycle, September 12th, 10 p. m.

Live Stock Exhibits, September 15th, 6 P. M.

All other exhibits September 16th, noon.

Sports For the Sporty

Baseball, Wednesday and Thursday afternoons at 6 P. M. Wrestling bouts on stand in front of the Grand Stand every afternoon.

**Four Big Days, Sept. 16-17-18-19
CLEARFIELD COUNTY FAIR**

FARM POULTRY

CARE FOR HEALTH OF FOWLS

Dropping Boards Should Be Cleaned
Weekly—Isolate Birds With Colds
—Keep Away Insects.

(Prepared by the United States Department of Agriculture.)

Clean the dropping boards at least once a week, and spray the roosts once a month with kerosene or some commercial preparation for killing mites. Have a good supply of sand or dry dirt on hand to use on the dropping boards.

If any of the birds develop colds,

A Clean House Promotes the Health of Poultry.

put as much potassium permanganate as will remain on the surface of a dime into a gallon of water and keep this material in their drinking water for several days, or until the symptoms of the colds have disappeared. Remove any sick birds from the flock as soon as noted and treat them in coops by themselves or kill and bury them if they are not worth treating.

Examine the pullets and hens for lice and dust thoroughly with a good insect powder or apply a mixture of equal parts of vaseline and mercurial or blue ointment, applying a piece about the size of a pea one inch below the vent of the bird, rubbing the mixture lightly on the skin. An application of this ointment two or three times a year will keep the fowls free from lice. Where insect powder is used, it should be applied three or four times a year, or oftener if the fowls become infested with lice. Provide a small box in the house, partly filled with dry road dust or fine dirt, in which the hens may dust themselves, thus helping to keep them free from lice.

It is an easy matter to overfeed fowls. Bear this in mind unless the fowls are on range.

Hens that are laying are not likely to accumulate fat; it is when they are not laying that they do so.

Give the fowls good dust and plenty of it. This is how they keep themselves free of vermin and well.

Hens of light breeds may be profitably kept for three seasons; those of the heavy breeds for two seasons.

Good layers are tired up and not fed up. All the feeding in the world cannot induce a naturally nonproductive hen to change her nature.

A trap nest is the one accurate way to tell whether you are keeping a paying flock, but the poultryman who keeps it must look after the nest in a proper way.

If you have made a failure of everything else, don't think the chicken business will prove to be a life saver. It requires not only brains, but an overplus of energy.

Chickens never wash, as many other birds do but cleanse themselves of insects by wallowing in soil. For this reason every poultry house should be provided with a dust box.

Five eggs out of every 100 are spoiled by being fertile. Producing infertile eggs does not require anything but the removal of the rooster from the flock after the need for hatching eggs is past.

Milk is no substitute for meat, for it is not sufficiently concentrated. It is possible for fowls to drink enough of it to take the place of meat. When fed with animal food, milk performs excellent service.

Infertile eggs are more common among poor layers than good ones. Experiments at the Maine experiment station proved it nearly impossible to get fertile eggs from the hens that were the poorest layers.

WANTED—Half a dozen young men or ladies to assist in entering exhibits at the Fair. See Fred B. Read, Room 6, Murray building, \$91tc

One Reason Why I Ask Your Vote

*This Is One of Several Which You
Will Get In Due Time*

Eight years ago when I ran for the office of Prothonotary of the county I was defeated at the primary. Recognizing the right of the present incumbent to the second term, I did not attempt to run at the last election.

This year I feel that, in view of the good sportsmanship displayed, I am entitled to your most earnest consideration when you cast your vote at the primary. I have served the Republican party well. I have been a lifelong adherent to the principles promulgated by exponents of Republican doctrine.

When you mark your ballot on Tuesday, September 16th mark it like this:

CARUSO RETURNS FROM EUROPE WITH WIFE AND SON—Left to right; Enrico Caruso, Jr. with his father the noted tenor and his step-mother, photographed on board the S. S. Giuseppe Verdi on the arrival of the vessel from Italy.

PREACHED TO APPRECIATIVE AUDIENCES

The Rev. Nikola Di Stefano, of Altoona, preached to a large and appreciative audiences in the Eleventh street M. E. church Sun-

day. His subject in the morning was "Words of Cheer" and in the evening "Looking God in the Face". At both services Mr. Di Stefano addressed the Italians present in their own language, much to their delight

and instruction. Rev. Di Stefano in his visits to Eleventh street church evening "Looking God in the Face", has made a fine impression on both the Americans and Italians in the community. He expects to return again the first part of October.

COLLEGE NIGHT AT TRINITY AN ENJOYABLE OCCASION

"College Night" observed in Trinity Methodist church Sunday evening was featured by good music by the organist and by the choir, had a fine address by A. D. Bigler.

The church was attractively decorated with flowers and college pennants were in conspicuous places on the walls of the auditorium. The following is the list of students from Trinity church who will soon take up their school work:

Irene Buchanan, Lock Haven Normal School.
Catherine Daneling Bryn Mawr.
Athalia Kline, Randolph Macon Woman's College.
Pauline Naff, Sargent Physical Training School.
Madeline Porter Ithaca Conservatory of Music.
Grace Stewart, Oberlin.
Katharine Zerfoss, University of Pittsburgh.
Carl H. Anderson, Dickinson.
Harold Boulton, Lawrenceville.
Walter J. Flegal, Colorado College.
Albert R. Kennard, Penn State.
Richard Kennard, Jr., Penn State.

"KNOX INVITES GERMAN ATTACK"

SENATOR NELSON ANSWERS
SPEECH OF PENNSYLVANIA
SENATOR AGAINST
TREATY.

AMERICA MUST KEEP PLEDGE

Must Not Desert the Stricken World
in the Hour of Its Crisis,
Says Veteran Republi-
can Leader.

Washington.—(Special.)—Senator Nelson, of Minnesota, Republican, gave out the following statement to-night through the Washington bureau of the League to Enforce Peace:
"The repudiation of the pending treaty, as advocated by Senator Knox, of Pennsylvania, in the senate Friday, is an open invitation to Germany to attack France in the event that the policy advocated is adopted."
"The non-participation of the United States in the league of nations would isolate France and leave her exposed to German attack on the east. Senator Knox takes the position that all the United States is called upon to do is to declare by resolution of congress a status of peace. He ignores the fact of American leadership and he does not recognize the truth that the family of nations stricken by this war is leaning on the strong arm of this nation today. He would have us take on the ignominy of deserting the stricken world in this hour of its crisis. He would have us after we have come to the rescue of mankind at the crucial time and saved France from coming under the iron heel of German militarism leave the ruins of that France we have saved to be gathered up by her enemy, an enemy whose hatred and evil purpose have not changed by the enforced signing of this treaty."

BASEBALL NOTES

The Boardman Baseball team journeyed to Bigler Saturday and met defeat at the hands of the Bigler sluggers by a score of 3 to 2.

Manager Katzman of the Boardman Athletic club is suffering from a large case or two of "frosted corn bakers" or at least that is the opinion of Manager McGowan and his Clearfield ball team. Katzman posted a \$10 forfeit for a game of ball between Clearfield and Boardman for a \$200 side bet, but when the time arrived for putting up the balance of the \$200 Katzman's "cold feet" prevented him from being on hand and the game is off.

PARADED WITH FIRST DIVISION

George R. Lippart received word of the safe arrival in New York, of his son Corporal Wm. Lippart, who recently arrived at Camp Mills, from overseas with Headquarters Co. of the 9th Field Artillery, First Division. Corporal Lippart was in the big parade at New York yesterday upon General Pershing's arrival and will also parade with the Division in Washington on September 11th, after which he will return home. He had been overseas for more than two years.

AMERICAN LEGION MEETING

All service men are requested to attend a meeting of the American Legion to be held in the Arbitration room of the court house Thursday evening, September 11, 1919, at 8 o'clock. This is an important meeting and service men generally should be present.

Walter B. Kennard, Penn State
Lynn McPherson, Penn State
D. Way Powell, Kiskiminetas
Harold Robison, Eastman Business College.

GRAND JURY'S REPORT

To the Honorable Singleton Bell, President Judge of Clearfield Co., Pa.

The Grand Inquest inquiring in and for Clearfield county, September Sessions, 1919, do respectfully submit the following report:

We have acted upon fifty-three bills of indictments, of which we returned fifty true bills and three not true bills.

We recommend to the County Commissioners to build a new concrete bridge at Madera, in Bigler township, to take the place of a wooden bridge across Muddy Run, when County Commissioners to pay fifty per cent. of the cost of the bridge.

We have inspected the public buildings and find all in good condition except the juvenile room in the jail, which should have the plaster repaired and be repapered.

We also recommend that the toilet in the men's department of the County Home be repaired, also the plaster in the chapel, and recommend repairs to the jury rooms such as the former Grand Jury recommended. We commend the new system inaugurated by the court and District Attorney as a good system and recommend that it be carried out.

We also return our thanks to the Honorable Court, the District Attorney and to the officers of the Court, also the County Home Steward and Matron and our Tipstaff for their courtesies during our deliberations.

DANIEL MARSHALL,
Foreman

DANIEL NEVLINC,
Secretary

Clearfield, Pa., Sept. 6, 1919

NOTICE TO CONTRACTORS

Sealed proposals, accompanied by certified check in the amount of 10 per cent. of bid price will be received by the Supervisors of Bigler township, Madera, Pa., until Wednesday, September 17th, 1919 at the office of James W. Ruffner, Esq., Madera, Pa. for the construction of a section of brick highway 20 feet wide by approximately 925 feet long in Madera, Pa., as per drawings and specifications on file at the office of James W. Ruffner, Esq.

Parties desiring copies of drawings and specifications can secure same by writing to James W. Ruffner, Esq., or visiting the county commissioners' office at Clearfield or by calling at the office of G. A. Fling consulting engineer, Commonwealth Trust building, Harrisburg, Pa. A deposit of \$5.00 will be required.

Proposals must be made out upon blanks furnished by the township. All blank spaces must be filled in and no change in phraseology shall be made.

The Supervisors reserve the right to reject any and all bids.

The words: "PROPOSAL, MAIN STREET PAVING", shall be plainly marked on the outside of all proposals.

By order of the Supervisors of Bigler township.

CHAS. S. SHOFF, Clerk.

BETTER THAN WOODEN FENCE

Wall Constructed of Loose Stones
Has Many Points of Superiority
—Harmonizes With Nature.

The New England stone wall, as a feature in landscape scenery, is sometimes spoken of as a deformity; yet it cannot be denied that the same lines of wooden fence would mar the beauty of our prospect in a greater degree. On account of the loose manner in which the stones are laid one upon another, as well as the character of the materials, this wall harmonizes with the rude aspects of nature better than any kind of masonry. It seems to be less of a blemish than a trimmed hedge or any other kind of fence, unless in ornamental grounds. In wild pastures and lands devoted to rustic labor, the stone wall is the most picturesque boundary mark that has yet been invented. A trimmed hedge in such places would present to the eye an intolerable formality. One of the charms of the loose stone wall is the manifest ease with which it may be overleaped. It menaces no infringement of our liberties. When we look abroad upon the face of a country subdivided only by long lines of loose stones, and overgrown with vines and shrubbery, we feel no sense of constraint. Fences are deformities of prospect which we are obliged to use and tolerate. But the loose stone wall only is expressive of the freedom which is grateful to the traveler and the ramble—Wilson Flagg.

Best to Build for Oneself.
The advice to the citizen to build his own home, if possible, is good. When a man builds for himself and his family he knows precisely what he gets, and he gets the kind of home he likes. It is better suited to the needs of himself and his family than is one that has been constructed for some other family. The cost of such construction may seem high, but good judges of values believe that an investment of this kind, made carefully and wisely, is the soundest and most satisfactory in the long run.

Roadside Fruit Trees.
The genius of the roadside fruit or nut tree is the hospitality which it symbolizes, and the spirit of neighborly co-operation. It is an established institution in parts of Europe, as in France, Italy and Germany. It is a practice worth thinking about. Both esthetic and utilitarian purposes would be served by general adoption of the rule in communities sufficiently organized to give necessary care to the trees once they have been planted.

"WHAT'S THE IDEA"
IS FINE SHOW

Rice and Cady, who will be seen at the Driggs Theatre, Friday, September 12th, in their new musical comedy, "What's The Idea?", have written during their twenty years of partnership, in the neighborhood of ten thousand parodies, and have never had a harsh word with each other. Aside from McIntyre and Healy, they are the oldest vaudeville team in the business.

At the dress rehearsal of the play, a rubber pad which Cady wears to make him look stout, was given to his valet to inflate with gas from a tank which the company carries for that purpose. After inflating the pad and closing the valves, the valet went to the boys' dressing room to give the pad to Cady, but the latter was on the stage at the time; the valet went to call him, leaving the door of the dressing room open; of course the pad refused to stay where it was laid, not being anchored; when Cady came in to put it on, it was missing and a search was immediately instituted for his supposed avorupois.

All attempts to find it were futile; every light in the house was turned on, and Rice, who was directing the play, in giving the stage hands the exact spot where the lines to hold the chandelier was to be placed, discovered Cady's lost corporation. Lumping against the gridiron, which is just underneath the roof of the stage.

Cady lost about two pounds and a lot of his good nature climbing to the roof and then down on the grid-iron to get his much needed prop.

BY THEIR ACTS YE SHALL
KNOW THEM

There are a bunch of fellows in Clearfield just waiting to get something on The Progress and they sure thought they had it on us when the Saturday issue came off the press. One of the principal advertisements set forth three special bargains but failed to give a signature. Immediately the telephone began to ring and we began to be joshed on the street. Some even went so far as to say we would have a hard time collecting the charge for that advertisement. But not so boys. That advertiser is a constant and consistent advertiser. Never an issue of The Progress is permitted to go out of the shop without him being represented. Now what is the use giving names. You know who we are talking about. This advertiser knows the value of advertising and he knows further that the thousands of readers of The Progress know just what his ads are like and know where to go whether the ad is signed or not. The wide awake advertising manager of this progressive firm just wanted to prove his own belief that the people would know his store without the signature. Did they? Well, ask him. Shoppers walked right into the right door and asked for the specials.

HISTORICAL EXHIBITS AT
CLEARFIELD COUNTY
FAIR

The historical exhibits at the County Fair in the past has been one of the most interesting features in the main building, and it is the desire of the management to maintain the co-operation of the public in this useful and instructive department.

Since the American boys have done so much toward ending the great World War, and the public being so very interested in their activities, the Committee in charge, has been instructed to procure relics of the late war for exhibition purposes, and they especially request all citizens who have in their possession any article that would be of interest to bring the same to the fair grounds on Monday, September 15th, where a proper receipt will be given for the exhibit, and the article will be returned to the owner on the last day of the fair.

L. C. NORRIS,

H. L. HAINES,

COMMITTEE.

JUNIOR AUXILIARY MEETING

The Junior Auxiliary of the Clearfield Hospital will meet with Mrs. Wright Elder Tuesday evening, September 9 at 4 o'clock. A full attendance is desired.

If Kidneys And
Bladder Bother

Take Salts to flush kidneys and neutralize irritating acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces strength weak, disordered kidneys and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to then act normally again.

and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jael Salt is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

SHE WANTS TO HELP OTHERS

Mrs. A. G. Wells, R. F. D. Rocky Mount, N. C. writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefits I have derived from their use. Please publish this statement as I want the people everywhere to know of them." I am back, sore muscles, puffiness under eyes, and an "always tired" feeling are indications that the kidneys and bladder are not working properly. Foley Kidney Pills, to overcome. Get about four ounces strength weak, disordered kidneys and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to then act normally again.

DANGEROUSLY LOW

Our treasury which has been on the decline for the past few months, has suddenly gone flat. In view of the fact that we have not asked you for anything for the past couple of years—or since the war started—we are going to hold a

Festival And Bazaar
AT OUR

Hose House, Daisy Street

TUESDAY AND WEDNESDAY EVENING

September 9th and 10th

Everybody come and bring a full pocketbook. Be prepared to open it and keep it open. You'll get your money's worth. We need the money. There'll be a good time. Good music both nights.
